## Signature Armrest Console

Model #11111

### **SAVE THESE INSTRUCTIONS**

Please read and keep these instructions handy. These instructions will help you learn to use your Signature Armrest Console properly and thoroughly so that you can achieve consistent, professional results.

Welcome

## The Art Of Outdoor Living

Every so often, something great becomes even better when it finds the perfect pairing. Wine and cheese. Coffee and cream. A cool night and a cozy fire. Your Signature Armrest Console is the perfect complement to your Signature Chaise, adding comfort and convenience in seconds. Enjoy added support, a built-in cup holder, and extra storage for your phone or other essentials. Some things are better together, and we're confident this is one of them.

# Assembly Guide

## ▲ BEFORE YOU BEGIN

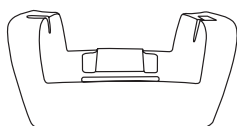

For fun and effective setup, prepare to get wet. Throw on your bathing suit, gather your setup materials and jump in!

**NOTE:** This product is heavy when filled. Always use **two people** for lifting and final placement. To prevent damage to the chaise or your pool surface, do not drag the unit into position.

## HARDWARE & PARTS

**Ledge Key**

**Signature Armrest Console**

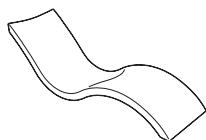

**Signature Adjustable Reclining Chaise**  
(sold separately)

**Insert Side A**  
Use with  
Signature ARC

**Insert Side B**  
Use with

## Assembly Guide

- 1** Remove the insert and place the Signature Armrest Console upside down on the deep end of your pool. Remove the plugs from the base fill holes with a Ledge Key (included).

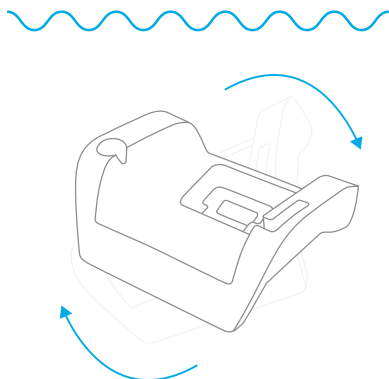

- 2** Submerge the console fill hole first and allow water to start filling. Allow the console to fully submerge. Water will enter quickly.

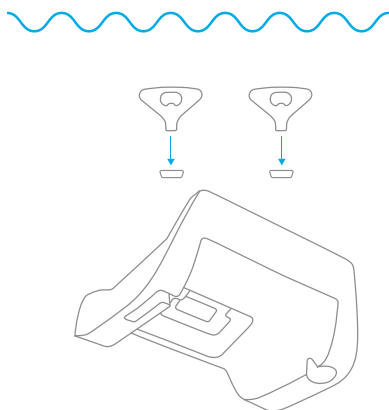

## Assembly Guide

- 3** Once the entire console is filled, rock it several times front to back to release any remaining air.

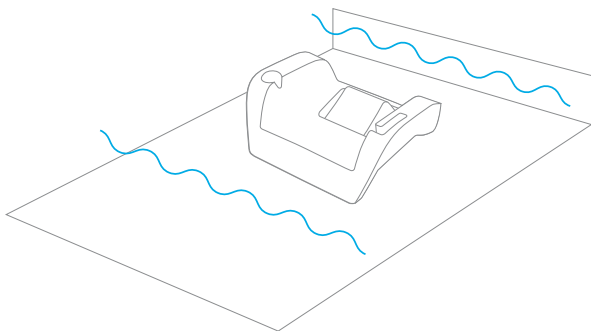

- 4** Keep the console submerged and screw the plugs back in. Handle the plugs carefully to avoid cross-threading them.

## Assembly Guide

- 5** Turn the Signature Armrest Console right side up and position the base on the edge of the ledge. Carefully place it into its final location.

- 6** Repeat steps 1-4 for the insert and the chaise.

- 7** A) Use **Insert Side A** if you are using Signature Adjustable Reclining Chaise. Use **Insert Side B** if you are using Signature Chaise.  
B) Now carefully place filled Signature Chaise/Signature Adjustable Reclining Chaise on the filled Signature Armrest Console.

This product is heavy once filled; we recommend **two people** for safe lifting and placement.

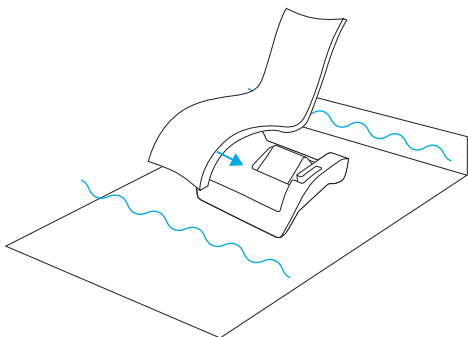

**Insert Side A**

Use with Signature ARC

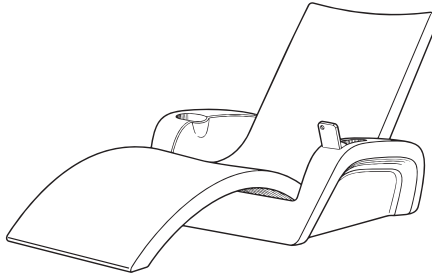

**Insert Side B**

Use with Signature Chaise

**8** Enjoy your new Signature Armrest Console and the Art of Outdoor Living. Tag us **@ledgelounger** for a chance to be featured!

# Patio Usage

## Set Up

Your Signature Armrest Console is designed for versatility and can be used on the patio. For optimal stability and performance, we recommend filling the console with water prior to use, follow the same steps (1-4) as the in-pool set up.

- Ensure the unit is placed on a smooth, level surface so it sits evenly and does not rock.
- Avoid dragging the console across rough surfaces to prevent scratching or damage to the base.

This product is heavy once filled; we recommend **two people** for safe lifting and placement.

## Care & Cleaning

### Routine Care:

- Rinse with a garden hose to remove dirt, dust, and debris.
- Use a soft cloth or brush with mild soap and water for routine cleaning. This step might seem small, but it's a crucial foundation for the following deep cleaning.

## Care and Cleaning

**Rinse Regularly:** Use a standard water hose or your regular pool water to rinse away oils and spills after every few uses.

**Dust Off the Debris:** Use a soft brush or cloth to wipe away any remaining dust gently. This step might seem small, but it's a crucial foundation for the following deep cleaning.

**Use a Sudsy Solution:** Mix a small amount of mild detergent with water to create a soapy solution. Ensure the detergent is suitable for the material of your furniture to avoid any damage. Avoid harsh chemicals that could harm the environment or your furniture finish.

**Note:** Our chaise loungers are bleach-safe, ready to clean with an eraser sponge or diluted bleach solution.

**Scrub:** Dip your soft brush or cloth into the soapy solution and scrub your furniture in a gentle and circular motion to lift dirt and grime without scratching your in-pool chaise lounge. Extra elbow grease might be needed for stubborn spots.

**Remove Calcium:** Sometimes, a stain on your furniture may be caused by calcium buildup from high mineral levels in your pool water. If you notice stubborn white or gray lines on your furniture, use a calcium, lime, and rust remover to clean the affected areas.

**Deep Clean:** For deep cleaning tough stains, remove the in-pool furniture and spray with a deep mold and mildew stain remover. Let your furniture sit in the sun for at least 30 minutes, then scrub with a non-scratch or eraser sponge and rinse.

## Safety Precautions

### CAUTION

Indicates **actions that are general risk.**

### PROHIBITED

Indicates **prohibited** actions that may must not be performed.

- ⚠ If the chaise is wet, the surface will be slippery.
- ⚠ This chaise is not a toy.
- ⚠ This chaise should only be used for the intended purpose of sitting.
- ⊘ **DO NOT** stand on chaise.
- ⊘ **DO NOT** allow children to play on or around chaise.
- ⊘ **DO NOT** use as a flotation device.
- ⊘ **DO NOT** position furniture tightly against pool walls. Leave space for proper water circulation to help prevent debris buildup and surface scratching.
- ⊘ **DO NOT** sit or stand on the console except for its intended and designed use.
  
- ⚠ Always check the temperature of the product before use.
- ⚠ Remember that the product may cause burns if left in direct sunlight
- ⚠ Always be aware of the sun and weather conditions, and do not assume that the seat is safe because the air temperature is not very high.
- ⚠ Before placing any devices into the accessories holder visually check the water fill line and ensure there is no water in it.

## Tips and Tricks

- Ensure unit is placed on a smooth, level surface so it sits evenly and does not rock.
- When moving furniture, lift it out of the water instead of dragging to avoid scratching.
- During periods of extreme heat, rinse surfaces occasionally with water to help keep your chaise cool.

## FAQs

### **Will the cup holder fit my insulated tumbler?**

Yes. The cup holder is designed to accommodate most standard insulated tumblers, Yeti or Stanley (20 oz, 30 oz, 40oz), as well as cans with neoprene koozies.

### **Does the cup holder have drainage for pool water and condensation?**

Yes, the Signature Armrest comes with a built-in drain. While it clears most residue and condensation, a tiny amount of water may still pool at the bottom. If so, spray with a garden hose and wipe with a soft cloth.

### **Will my phone fit in the accessories holder?**

Yes. The accessories holder is the ideal chaise lounge accessory, designed to fit most standard smartphones.

### **Will this fit other Ledge products?**

The Signature Chaise and Adjustable Reclining Chaise are compatible with this console

### **Will this scratch my vinyl liner?**

All of our in-pool products are safe for all pool surfaces, including vinyl liners. There are no sharp edges or corners that will tear or damage the liner in any way. Be careful about dragging your furniture on the deck; it could cause scuffs in the plastic that can become sharp over time.

### **What else can fit in the accessories holder?**

It can hold sunscreen, keys, sunglasses, chapstick, e-readers and more in your pool armrest console.

### **Will my phone get wet in the accessories holder?**

The accessories holder is designed to keep your device securely above the water line and clear of surface ripples. While it protects against minor splashes, we suggest avoiding heavy activity that could push waves over your in-pool chair.

### **How deep does my water have to be to feel water on the seat?**

7" of water depth will allow for 1" of in-seat water.

### **How shallow does my water have to be to stay dry?**

Your seat will stay dry at 6" of water depth or less.

## FAQs

### **Will this fit other non-ledge products?**

Ledge products have been tested to be compatible with this Console. We do not suggest the use of non-Ledge products.

### **Can I stack these for storage?**

No, the Signature Armrest should not be stacked with any in-pool furniture to avoid unnecessary wear or damage.

### **Can the console with chaise be used on the patio?**

Yes, it can, make sure to fill both the console and the chaise with water.

## Performance Guarantee

### **In-Pool Furniture**

All Ledge in-pool furniture is guaranteed to be free from material defects, and shall not splinter, crack, chip, peel, or rot for 15 years for residential use or 10 years for commercial use.
